Wong & Partners promotes Faez Abdul Razak to Partner

30 June 2023 – Wong & Partners, member firm of Baker McKenzie is pleased to announce that it has promoted Faez Abdul Razak to Partner in its Finance & Projects practice group.

Faez's practice focuses on major projects, construction and services contracts as well as financing transactions for large scale infrastructure projects. He also advises on conventional and Islamic banking and debt capital markets project financing and construction, infrastructure and utilities (energy and water) regulatory compliance in Malaysia. He has also established himself in the renewable energy space where his experience comes from the number of solar PPAs that he has worked on over the last several years, including on the largest commercial solar PPA in Malaysia.

"We are proud to see Faez make the step-up to Partner after ten years of service to the Firm. He has advised on some of the largest and most complex projects undertaken in Malaysia over the past few years. We are confident that he will continue to build a strong and successful practice at our Firm and enhance our major projects and infrastructure offerings" said Managing Partner Munir Abdul Aziz.

"This is a well-earned promotion for Faez who has been an integral part of our Finance & Projects practice for some time now. His work on matters related to sustainability, energy transition and renewable energy is particularly exciting and we expect there will be significant demand for legal services in the energy transition space as clients embrace better environmental and ESG practices and governments introduce and enhance regulations in this space," said Head of the Finance & Projects practice Mark Lim.

Faez began his legal career at the Firm in 2012 as a pupil-in-chambers and has progressed steadily through the ranks at the Firm. He also did several stints in Baker McKenzie's Singapore office where he handled regional, energy, mining and infrastructure matters. In 2019, he was posted to Baker McKenzie's Tokyo office where he was seconded to a large Japanese trading house as in-house counsel.

"I am very proud to become a Partner at Wong & Partners, the place at which I began my career and have built my legal practice. I have learnt from many excellent mentors over the years and benefitted from the training and opportunities the Firm has offered, and I look forward to contributing the Firm's growth and success, particularly in the exciting spaces of sustainability and energy transition," said Faez.

Faez obtained a Bachelors of Laws from the University Teknologi Mara in 2011. He also holds a Masters of Law in Competition Law from King's College London. He was admitted to the Malaysian Bar in 2013 and the Kuala Lumpur Bar in the same year.
